Keep the Ball Rolling in Ballard

This petition is in response to the sale and pending closure of **Sunset Bowl in Ballard**, one of the last dry and warm gathering places for families, friends, and kids of all ages in North Seattle. We the citizens of Ballard and surrounding communities, ask that you require responsible development by preserving the remaining cultural icons such as Sunset Bowl in neighborhoods like Ballard.

- Our children and families need places to interact in a safe environment during anytime of the year.
- We all need places other than stores, boutiques, restaurants and movie theatres to gather throughout all the seasons.
- In order to achieve a 'greener' Seattle, these community spots need to stay within walking, biking, or short driving distances from our homes, otherwise we will be forced to add to traffic congestion and pollution.
- Based on information reported in the PI, more than 2,000 people bowl at Sunset each week. After this closure there will be no bowling entertainment center in the northend.

By signing this petition we endorse the proposal to require AvalonBay Communities Inc. to replace Sunset Bowl with a new bowling facility as part of this development.

Please return to: Jim Bristow 2400 NW 80th St #240 98117-4449 Thanks!!!
